Mitch Melnick’s Billy Bob Productions presents a rock and roll night not to be missed-Friday April 21 at Fairmount Theatre when Tommy Youngsteen hits the stage! Join us for a rollicking night of Bruce Springsteen songs as performed by a Toronto-Montreal super group featuring members and former members of Stars, Sam Roberts Band, The Stills, The Arkells, Serena Ryder Band and more. No ordinary tribute band, Tommy Youngsteen is a band of aces who salute their musical heroes Springsteen, Tom Petty & Neil Young until the very last note of music is played deep into the night. For this special occasion they will perform Springsteen’s mid-80s classic and career altering album Born in the USA in its entirety plus more of The Boss’s greatest hits.
